

OUTREACH Plans for 2024

CASH FOR CANS is a yearlong project. We will try a new system which will make it easier for people to remember to donate. We plan to put a CASH FOR CANS address label on envelopes and put them in the pews. The donation can be placed in the collection plate.

LENTEN OFFERING will go to the Men's and Women's "homes" in Hayward. Women's will need to be distributed by Health and Human Services.

PAPER AND PERSONAL HYGIENE collection for Hayward Food Shelf from March through May. This is because the food shelf cannot purchase these products through their sources. They can only purchase edible items.

MALAWI WELL We will set out the little wooden well during coffee hour on Sundays after Lent. This will be an easy reminder for that mission.

SOCKS AND SWEATS. Beginning the middle of August and through the end of September, we will ask our congregation to donate items for the elementary school children. These are mostly kindergarten through second grade. Accidents happen. The schools truly appreciate our donations. The schools that will benefit are Hayward, LCO and Winter Elementary.

MAF. We will set out the little wooden airplane during the summer for contributions to Mission Aviation Fellowship.

I have called the Hayward Elementary school to see if there are special items that we have not thought about that they are in need of. I'm hoping to hear back from them in the next month or so.
